

Folded Book

Cut a piece of watercolor paper to 5.5" x 15" long or use any size you have available. Fold the paper into 3 or 4 equal sections to make an accordion book. Paint a loose watercolor rectangle background in each panel. Let it dry completely.

Add different drawings, words or thoughts in each panel. Use a black felt tip pen to create a drawing or lettering in each box.

Use colored markers or colored pencils to color in the drawings or lettering in each box. Fill in the whole book!
